Annual management fee

PSG Asset Management charges a fee for administrative and related services rendered to investors. This fee is included in the price of the fund. Please refer to the Unit Trust Summary form on our website for a list of the annual management fees applicable to each of the portfolios.

The administrative and ongoing fee in total may not exceed 1.20% p.a. per portfolio, with the exception of the PSG Money Market Fund which may not exceed 0.50%. Refer to the table above for details of such maximums. In respect of initial and ongoing adviser fees, if no fees have been specified, 0% will apply in respect thereof. If a fee higher than the maximum has been specified, the maximum will apply. Initial adviser fees may only be taken in 0.25% increments, and ongoing adviser fees in 0.05% increments. **Please specify all financial adviser fees that have not been pre-populated in the above table.**

****Fund clean classes are only available where the investment is facilitated through a financial adviser. No administrative adviser fee is paid to the adviser by PSG Asset Management.**

Financial Adviser fees*

Initial adviser fee: The financial adviser may receive an initial fee, per agreement with the client.

Ongoing adviser fee: The financial adviser may receive an additional ongoing fee, per agreement with the client, and is paid monthly via a sale of units.

Administrative adviser fee: This is paid monthly to the financial adviser by PSG Asset Management out of the annual management fee i.e. it is included in the price of the fund.

I/We, the investor, hereby confirm to PSG Asset Management that the FSP indicated in Section H is my appointed financial adviser and authorise the payment of the fees as stipulated in the above table.

I/We understand that the ongoing adviser fee will be facilitated by the monthly sale of units from my investment before being paid to my appointed Financial Adviser.

I/We understand that the initial and ongoing adviser fees are negotiated between the investor and the Financial Adviser and I cannot hold PSG Asset Management liable for acting on the negotiated instructions.

I. Effective annual cost

The Effective Annual Cost (EAC) is a measure which has been introduced to allow you to compare the charges you incur and their impact on investment returns when you invest in different Financial Products. It is expressed as an annualised percentage.

The EAC is made up of four components, which are added together, as shown in the results of the EAC Calculator available on our website. The effect of some of the charges may vary, depending on your investment period. The EAC calculation assumes that an investor terminates his or her investment in the Financial Product at the end of the relevant periods shown in the table. We recommend that you complete the EAC calculator before investing. To access the Effective Annual Cost Calculator in respect of the rand-denominated funds, please follow the link at [EAC Calculator](#).

You are also welcome to contact our client services team to request the EAC on additional investments at local.queries@psgadmin.co.za (local unit trusts).

J. Authorisation, declaration and acknowledgement
