OUR MISSION

To make a difference in the lives of all stakeholders, by creating and preserving wealth through excellence.

COMMENTARY

FINANCIAL RESULTS

PSG Konsult increased recurring headline earnings per share by 23% and generated a return on equity of 22%, thereby delivering a result which is circa 30% above its most recent pre-COVID interim period ended 31 August 2019. These results reflect the continued improvement in the group's overall competitive market position. Our strategic objective of being an advice-led firm, with a strong focus on technology to enhance client experience, enabled us to achieve these results despite prevailing conditions. In support of the group's long-term business objective to grow our own talent, we have continued to make significant investments in newly qualified graduates.

PSG Konsult's key financial performance indicators for the six months ended 31 August 2021 are shown below:

PSG Konsult increased recurring headline earnings per share by 23% and generated a return on equity of 22%.

©PSG Wealth

PSG Wealth achieved recurring headline earnings growth of 7%

The division continued its solid performance during the current period. Core income increased by 10% during the current period, consisting of an increase in management and other recurring fees, while transactional brokerage fees decreased due to lower trading activity compared to the prior period.

Clients' assets managed by our Wealth advisers increased by 11% to R257.2 billion during the current period, which included R10.8 billion of positive net inflows. The division's formidable financial adviser network consisted of 579 wealth advisers as at 31 August 2021, a net increase of 16 advisers during the current period.

For the third consecutive year, the division was recognised as the Wealth Manager of the Year: Large Institutions at the Intellidex 2021 Wealth Manager of the Year Awards. The division was also awarded Top Online Broker at the recent Intellidex Top Securities Brokers Awards.

Our advisers provide clients with expert guidance, based on holistic, long-term views, and continue to maintain excellent relationships through integrity, trust and transparency. In addition, our sustained investment in digital capabilities to enhance client experience enables us to operate seamlessly in a changing environment. All related information technology (IT) system costs continue to be fully expensed.

We remain confident about the fundamentals and prospects of this division and believe that our commitment to long-term relationships with clients will continue to differentiate us in the markets in which we compete.

PSG Asset Management

PSG Asset Management's recurring headline earnings increased by 95%

The division's results improved significantly in the current period with most funds performing in the top quartile over a one-year period. Performance fees earned during the period constituted 7.8% of headline earnings of the group, in comparison to no performance fees in the prior period.

Client assets under management increased by 9% to R38.4 billion during the current period, due to a combination of market movements and net client inflows. Assets administered by the division increased by 13% to R161.5 billion, supported by R8.7 billion of multi-managed net inflows.

OPSG Insure

PSG Insure achieved recurring headline earnings growth of 17%

The division achieved commendable results during the current period and received the Santam National Intermediary of the Year award for performance excellence, in both the commercial and personal lines categories. This division continues to focus on profitable growth with an emphasis on commercial lines business which requires adviser expertise. The division has made good progress in finalising and settling pandemic business interruption claims and expects the process to be finalised before the end of the financial year. The provision created for pandemic business interruption claims in the prior year remains adequate. No significant catastrophe events occurred during the current period, with the lockdown periods having had a positive impact on loss ratios. When combined with our quality underwriting practices, Western National Insurance achieved a net underwriting margin of 14.1% compared to 13.2% achieved in the prior period. The number of insurance advisers in the group remained at 369.

COMMENTARY (continued)

STRATEGY

PSG Wealth's overall strategy offers an innovative and all-inclusive end-to-end client proposition and includes a complete set of discretionary and non-discretionary investment products with competitive fees. We advocate diversification and our solutions offer a balance between rand hedge and interest-rate-sensitive investments with a long-term focus. Management is proud of the experience and reputation of the advisers in the business, who play a key role in providing us with client feedback to continuously enhance our platform and product capabilities. Engaging with our clients remains central to our philosophy, with the current focus being mainly on digital events. Our Wealth business is well placed to meet client investment needs and consistently strives to improve both our adviser and client service offerings.

PSG Asset Management's strategy consists of investment excellence, operational efficiency, and effective sales and marketing initiatives. Generating the best long-term, risk adjusted returns for investors remains the division's primary focus. PSG Asset Management's differentiated investment approach adds diversification to a blended client solution, helping clients to achieve better outcomes over time. The division continues to prioritise investment performance while managing operational processes and talent. Increasing brand awareness, particularly in the retail investor market, and consistent and regular client communication through events and publications continue to be key focus areas for the division.

PSG Insure provides simple and cost-effective short-term insurance solutions to clients, protecting them from unforeseen events. Critical expertise across underwriting, administration and adviser teams underpin the focus on providing value-added products that meet and exceed clients' expectations. The division continues to invest in its claims and administration functions to build scale and unlock operational efficiencies, thereby enabling our high-calibre advisers to focus on client relationships.

CORPORATE ACTIVITY

PSG Konsult's focus remains on organic growth, although it will consider acquisitions that meet its investment criteria, which include, inter alia, acceptable pricing, a compelling strategic rationale, clearly definable synergies, and ease of integration.

CAPITAL MANAGEMENT

PSG Konsult's capital cover ratio increased to 233% (2020: 208%), based on the latest insurance group return, and comfortably exceeds the 100% minimum. Our financial performance and prudent approach to investing shareholder assets continue to ensure that the group is in a strong financial position with excellent liquidity.

The group's long-term credit rating was upgraded by Global Credit Rating Company during July 2021 to A+ $_{(ZA)}$, while the short-term credit rating was affirmed at A1 $_{(ZA)}$, with a Stable Outlook.

The increase in the group's capital cover ratio and the credit rating upgrade underscore our ability to incrementally improve our financial position and highlight the group's resilience, notwithstanding the current economic environment.

PSG Konsult continues to generate strong cash flows which gives us various options to optimise our capital structure and risk adjusted returns to shareholders. During the period, the group repurchased and cancelled 7.2 million shares at a cost of R80.4 million.

REGULATORY LANDSCAPE AND RISK MANAGEMENT

PSG Konsult has 21 regulatory licences (17 in South Africa and 4 in foreign jurisdictions) and maintains professional relationships with the regulators in the markets in which we operate.

MARKETING INITIATIVES

The group continued to successfully interact with clients during the lockdown periods. While hosting large faceto-face events was not possible, we took the opportunity to increase emailed communications as well as webinars. Initiatives such as the successful Think Big series, featuring a collection of insightful conversations with prominent external speakers, enabled us to engage digitally with both existing and prospective clients. Of notable interest was that the uptake to the webinar series has shifted in the last six months from being equally split to 60% prospective and 40% existing clients. This means that what was initially a client retention mechanism is now a source of lead generation. During the current period the combination of face-to-face and online events, regardless of webinar fatigue, reached approximately 20 000 people. In addition, the Think Big series added considerable cost-effective awareness and public relations

The group also launched a new website, a part deliverable to a bigger rebranding project, with a new advertising campaign. The website offers more intuitive navigation with an enhanced 'find an adviser' functionality so that prospective clients can be partnered quicker with the right adviser. The rebranding need was for a fresher, brighter, and more modern look, especially with our focus shifting into the digital, screen-heavy environment. We are also aiming to appeal to a more diverse audience. The ad campaign (still underpinned by the 'bigger picture thinkers' brand positioning) profiles actual clients and their relationships with their advisers. The selected individuals each has a story that they recognised opportunity where others did not and as a result have achieved success.

The social media following and engagement levels across numerous platforms also continue to increase.

INFORMATION TECHNOLOGY

As a group, we are committed to providing great outcomes for our advisers and clients. We focus on simple-to-use, stable, client-centric solutions to deliver a great digital client experience. The group continued to enhance and automate strategic adviser and client systems and processes, aligned with our goal of enhancing digital capabilities and overall client experience.

The management team, supported by the board, is committed to continuously invest in technology to support the divisions' service offerings with standardised and leading-edge technology.

LOOKING FORWARD

The group remains confident about the prospects for growth, with a focus on organic growth and optimising shareholder returns. We will continue to monitor local and global events, and the associated impact on our clients and other stakeholders.

EVENTS AFTER REPORTING DATE

No events material to the understanding of these results occurred between 31 August 2021 and the date of approval of the condensed consolidated interim financial statements.

DIVIDEND

The board decided to declare an interim gross dividend of 10.0 cents per share from income reserves for the six months ended 31 August 2021 (2020: 8.0 cents per share) reflecting the group's strong financial position and confidence in its prospects. The group's dividend pay-out ratio remains between 40% to 50% of full year earnings. The group has, however, changed the basis of the pay-out ratio to recurring headline earnings excluding intangible asset

amortisation, a metric that is better aligned to the group's cash generated earnings.

The dividend is subject to a South African dividend withholding tax (DWT) rate of 20%, unless the shareholder is exempt from paying dividends tax or is entitled to a reduced rate in terms of the applicable double-tax agreement. Including DWT at 20% results in a net dividend of 8.0 cents (2020: 6.4 cents) per share. The number of issued ordinary shares is 1 333 691 715 at the date of this declaration. PSG Konsult's income tax reference number is 9550/644/07/5.

The salient dates of the dividend declaration are:

Declaration date Thursday, 7 October 2021

Last day to trade cum

dividend Tuesday, 26 October 2021

Trading ex-dividend commences

commences Wednesday, 27 October 2021
Record date Friday, 29 October 2021
Date of payment¹ Monday, 1 November 2021

As the dividend has been declared and denominated in ZAR, it will be paid (in ZAR) into the bank accounts of

Share certificates may not be dematerialised or rematerialised between Wednesday, 27 October 2021 and Friday, 29 October 2021, both days inclusive.

shareholders appearing on the Mauritian register.

The board extends its appreciation to its stakeholders, including shareholders, advisers, clients, business partners, management and employees for their continued support and commitment during the past six months.

On behalf of the board

Mercon

Willem Theron

Chairman

Tyger Valley 7 October 2021 www.psg.co.za 1:46.

Francois Gouws
Chief executive officer

¹ If 1 November 2021 is declared a public holiday in South Africa, the date of payment will change to Tuesday, 2 November 2021.

Other client-related balances		81 831	103 369	(26 607)
Total client-related cash and cash equivalents		101 090	134 415	5 267

Notes to the statement of cash flows:

The movement in cash (utilised in)/generated by operations can vary significantly as a result of daily fluctuations in cash linked to investment contracts and cash held by the stockbroking business. PSG Life Limited, the group's linked insurance company, issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets). When these policies mature, the company raises a debtor for the money receivable from the third-party investment provider, and raises a creditor for the amount owing to the client. Timing difference occurs at month-end when the money was received from the third-party investment provider, but only paid out by the company after month-end, resulting in significant fluctuations in the working capital of the company. Similar working capital fluctuations occur at PSG Securities Limited, the group's stockbroking business, mainly due to the timing of the close of the JSE in terms of client settlements. Refer to note 5.8 for the impact of the client-related balances on the cash flows from operating activities.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

for the six months ended 31 August 2021

1. REPORTING ENTITY

PSG Konsult Limited is a public company domiciled in the Republic of South Africa. The condensed consolidated interim financial statements as at and for the six months ended 31 August 2021, comprise the company and its subsidiaries (together referred to as 'the group') and the group's interest in joint ventures.

2. BASIS OF PREPARATION

Statement of compliance

The condensed consolidated interim financial statements as at and for the six months ended 31 August 2021 have been prepared in accordance with the requirements of the JSE Limited (JSE) and the requirements of the Companies Act, No. 71 of 2008, as amended, applicable to summary financial statements. The JSE requires condensed financial statements to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council and to also, as a minimum, contain the information required by IAS 34 – Interim Financial Reporting. The condensed consolidated interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the group as at and for the year ended 28 February 2021. Any forecast financial information is the responsibility of the board of PSG Konsult Limited and has not been reviewed or reported on by the auditors.

These condensed consolidated interim financial statements were prepared under the supervision of the chief financial officer, Mike Smith, CA(SA).

Estimates and judgements

In preparing these condensed consolidated interim financial statements, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated annual financial statements for the year ended 28 February 2021.

3. INDEPENDENT REVIEW

The condensed consolidated interim financial statements is the responsibility of the board of directors of the company.

Neither these condensed consolidated interim financial statements, nor any reference to future financial performance included in this results announcement, have been reviewed or reported on by the company's external auditor, Deloitte & Touche.

4. ACCOUNTING POLICIES

The accounting policies applied in the preparation of these summary consolidated interim financial statements are in terms of IFRS and are consistent with those accounting policies applied in the preparation of the previous consolidated annual financial statements as at and for the year ended 28 February 2021.

5. SEGMENT INFORMATION

The composition of the reportable segments represents the internal reporting structure and the monthly reporting to the chief operating decision-maker (CODM). The CODM for the purpose of IFRS 8 – Operating Segments has been identified as the chief executive officer, supported by the group management committee (Manco). The group's internal reporting structure is reviewed in order to assess performance and allocate resources. The group is organised into three reportable segments, namely:

- PSG Wealth deriving income mainly from total managed assets and total platform assets
- PSG Asset Management deriving income mainly from total assets under management and administration
- PSG Insure deriving income mainly from written premiums and underwriting

Corporate support costs refer to a variety of services and functions that are performed centrally for the individual business units within each business segment, as well as housing the group's executive office. Besides the traditional accounting and secretarial services provided to group divisions and subsidiaries, the corporate office also provides legal, risk, IT, marketing, human resources (HR), payroll, internal audit and corporate finance services. The strategic elements of IT, in terms of both services and infrastructure, are also centralised in the corporate office. The corporate costs are allocated to the three reportable segments.

5.1 Description of business segments

PSG Wealth, which consists of five business units – Distribution, Securities, LISP and Life Platform, Multi Management and Employee Benefits – is designed to meet the needs of individuals, families and businesses. Through its highly skilled wealth managers, PSG Wealth offers a wide range of personalised services (including portfolio management, stockbroking, local and offshore investments, estate planning, financial planning, local and offshore fiduciary services, multi-managed solutions and retirement products). The Wealth offices are fully equipped to deliver a high-quality personal service to customers.

PSG Asset Management is an established investment management company with a proven investment track record. It offers investors a simple, but comprehensive range of local and global investment products. The division's products include both local and international unit trust funds.

for the six months ended 31 August 2021

5. SEGMENT INFORMATION (continued)

5.1 Description of business segments (continued)

PSG Insure, through its registered insurance brokers and PSG's short-term insurance company, Western National Insurance Company Limited, offers a full range of tailor-made short-term insurance products and services from personal (home, car and household insurance) to commercial (business and agri-insurance) requirements. To harness the insurance solutions available to customers effectively, the division's expert insurance specialists, through a strict due diligence process, will simplify the selection process for the most appropriate solution for its clients. In addition to the intermediary services which PSG Insure offers; PSG Short-Term Administration supports clients through the claim process, administrative issues and general policy maintenance, including an annual reappraisal of their portfolio.

The CODM considers the performance of reportable segments based on total core income as a measure of growth and headline earnings as a measure of profitability. In order to evaluate the core results of the group, the CODM segregates the income statement by eliminating the impact of the linked investment policies issued and the consolidation of the collective investment schemes from the core operations in the group.

A subsidiary of the group, PSG Life Limited, is a linked insurance company and issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the group to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder.

The group consolidates collective investment schemes, in terms of IFRS 10 – Consolidated Financial Statements, over which the group has control. The consolidation of these funds does not impact total earnings, comprehensive income, shareholders' funds or the net asset value of the group; however, it requires the group to recognise the income statement impact as part of that of the group.

5.2 Headline earnings per reportable segment

For the six months ended 31 August 2021 (Unaudited)	Wealth R000	Asset Management R000	Insure R000	Total R000
Headline earnings ¹ - recurring - non-recurring	234 246 234 246 -	96 450 96 450 -	73 871 73 871 -	404 567 404 567 -
Recurring headline earnings – excluding intangible asset amortisation cost ²	257 604	96 703	84 747	439 054
For the six months ended 31 August 2020 (Unaudited)	Wealth R000	Asset Management R000	Insure R000	Total R000
Headline earnings ¹ - recurring - non-recurring	215 804 218 972 (3 168)	47 958 49 542 (1 584)	60 693 63 141 (2 448)	324 455 331 655 (7 200)
Recurring headline earnings – excluding intangible asset amortisation cost ²	239 211	49 795	73 957	362 963
For the year ended 28 February 2021 (Audited)	Wealth R000	Asset Management R000	Insure R000	Total R000
Headline earnings ¹ - recurring - non-recurring	444 488 447 656 (3 168)	103 356 104 940 (1 584)	148 791 151 239 (2 448)	696 635 703 835 (7 200)
Recurring headline earnings – excluding intangible asset amortisation cost ²	489 559	105 447	172 931	767 937

¹ Headline earnings, calculated in terms of the requirements stipulated in Circular 1/2021 as issued by SAICA, comprise recurring and non-recurring headline earnings. Recurring headline earnings are calculated by excluding non-recurring headline earnings to increase comparability of the performance of the group from one year to another. Non-recurring headline earnings include one-off gains and losses and the resulting tax charge on these items.

5. SEGMENT INFORMATION (continued)

5.3 Income per reportable segment

For the six months ended 31 August 2021 (Unaudited)	Wealth R000	Asset Management R000	Insure R000	Total R000

Intersegment income	(346 619)	(187 973)	-	(534 592)
For the six months ended 31 August 2020 (Unaudited)	Wealth R000	Asset Management R000	Insure R000	Total R000
Total IFRS reported income Linked investment business and other income Total core income	1 278 705	218 224	1 053 733	2 550 662
	7 667	-	-	7 667
	1 286 372	218 224	1 053 733	2 558 329
Total segment income	1 588 246	375 398	1 053 733	3 017 377
Intersegment income	(301 874)	(157 174)	-	(459 048)
For the year ended 28 February 2021 (Audited)	Wealth R000	Asset Management R000	Insure R000	Total R000
Total IFRS reported income Linked investment business and other income Total core income	2 617 313	462 135	2 170 694	5 250 142
	17 573	-	-	17 573
	2 634 886	462 135	2 170 694	5 267 715
Total segment income	3 469 149	787 908	2 212 552	6 469 609
Intersegment income	(834 263)	(325 773)	(41 858)	(1 201 894)

Intersegment income and expenses consist of fees charged at market-related rates. The group accounts for intersegment income and expenses by eliminating these transactions to only reflect transactions with third parties. Intersegment income is eliminated by deducting it from total segment income to reflect income generated by segment from external customers.

The group mainly operates in the Republic of South Africa, with 92.4% (31 Aug 2020: 91.2%; 28 Feb 2021: 92.6%) of the total income from external customers (total IFRS reported income) generated in the Republic of South Africa.

Other information provided to the CODM is measured in a manner consistent with that of the financial statements.

² The intangible asset amortisation cost includes the amortisation on customer relationships. It excludes the amortisation on computer software and other intangible assets.

for the six months ended 31 August 2021

5. SEGMENT INFORMATION (continued)

5.4 Divisional income statements

The profit or loss information follows a similar format to the consolidated income statement. The divisional income statements reflect the core business operations of the group.

¹ Depreciation and amortisation is included within total expenses and amounts to R104.2 million for PSG Wealth, R10.5 million for PSG Asset Management, and R52.4 million for PSG Insure.

² Finance costs in the PSG Wealth division of R12.5 million (31 Aug 2020: R13.8 million) consist mainly of the finance charge on the lease liabilities of R8.0 million (31 Aug 2020: R9.0 million), with the remaining portion of the finance charge on the CFD margin, the loan funding and the bank overdrafts.

² Finance costs in the PSG Wealth division of R28.1 million consist mainly of the finance charge on the lease liabilities of R17.7 million, with the remaining portion of the finance charge on the CFD margin, the loan funding and the bank overdrafts.

for the six months ended 31 August 2021

5. SEGMENT INFORMATION (continued)

5.5. Statement of financial position (client vs own)

In order to evaluate the consolidated financial position of the group, the CODM segregates the statement of financial position of the group between own balances and client-related balances.

Client-related balances represent the investment contract liabilities and related linked client assets of PSG Life Limited, the broker and clearing accounts, and the settlement control accounts of the stockbroking business, the collective investment schemes consolidated under IFRS 10 – Consolidated Financial Statements and corresponding third-party liabilities, the short-term claim control accounts and related bank accounts, as well as the contracts for difference assets and related liabilities.

5. SEGMENT INFORMATION (continued)

5.8. Statement of cash flows (client vs own)

In order to assist the CODM to evaluate the consolidated statement of cash flows of the group, the statement of cash flows is segregated between cash flows relating to own balances and client-related balances.

The movement in cash (utilised in)/generated by operations can vary significantly as a result of fluctuations in the receivables and payables relating to our stockbroking business, which have been included within client-related balances.

Included under receivables are broker and clearing accounts at our stockbroking business of which R1 332.9 million (31 Aug 2020: R1 544.4 million; 28 Feb 2021: R1 614.1 million) represents amounts owing by the JSE for trades conducted during the last few days before the end of the period. These balances fluctuate on a daily basis depending on the activity in the market.

The control account for the settlement of these transactions is included under the trade and other payables, with the settlement to the clients taking place within three days after the transaction date.

For the six months ended 31 August 2021 (Unaudited)	Total IFRS reported R000	Own balances R000	Client- related balances R000
Cash flows from operating activities	505 466	346 698	158 768
Cash (utilised in)/generated by operations ¹	(144 193)	443 894	(588 087)

Cash and cash equivalents at the end of the period	1 678 270	1 577 180	101 090

¹ The cash generated by operations under own balances includes R55.0 million excess short-term cash transferred to unit-linked investments that invest mainly in cash, money market and related instruments to enhance investment income yield.

² The other dealing and structuring income includes R49.7 million (31 Aug 2020: R51.5 million; 28 Feb 2021: R101.5 million) revenue recognised over time, with the balance of this revenue being recognised at a point in time.

³ This revenue from contracts with customers is recognised over time.

⁴ The other fees include revenue recognised at a point in time and over time, with the majority of this revenue being recognised over time.

Other consists of cash flows relating to the acquisition of intangible assets, purchases of property and equipment, proceeds from disposal of intangible assets and other.

for the six months ended 31 August 2021

8. NOTES TO THE STATEMENT OF CASH FLOWS (continued)

8.2 Shares issued

The cash flow impact of the shares issued during the respective financial periods can be summarised as follows:

	Unaudited 31 Aug 21 R000	Unaudited 31 Aug 20 R000	Audited 28 Feb 21 R000
Issue of ordinary shares	-	36 628	36 628
Shares issued for asset-for-share transaction Net cash inflow	-	(36 628)	(36 628)

8.3 Treasury shares sold and share option settlement

The cash flow impact of the treasury shares sold and share option settlement during the respective financial periods can be summarised as follows:

	Unaudited 31 Aug 21 R000	Unaudited 31 Aug 20 R000	Audited 28 Feb 21 R000
Treasury shares sold	20 640	11 658	11 980
Loss on settlement of share options in terms of share scheme	(58 771)	(7 435)	(7 435)
Net cash (outflow)/inflow	(38 131)	4 223	4 545

8.4 Other acquisitions

For the year ended 28 February 2021

The group, through its subsidiary PSG Multi Management Proprietary Limited, concluded a portfolio management acquisition transaction with some of its advisers during the reporting period. The purpose of this transaction was to consolidate and align certain client share portfolio research and operational management activities within the firm.

The consideration was paid with the issue of PSG Konsult shares (5 million shares at an average of R7.35 per share) and a cash consideration of R70.6 million on the effective date. The transaction did not qualify for accounting in terms of IFRS 3 – Business Combinations as the assets acquired (the right to an increased share in the income stream of the adviser) did not constitute a business acquired.

These transactions contributed R2.4 million to our headline earnings during the 2021 financial year, net of amortisation cost of R4.2 million.

8.5 Cash and cash equivalents at the end of the year

	Unaudited 31 Aug 21 R000	Unaudited 31 Aug 20 R000	Audited 28 Feb 21 R000
Cash and cash equivalents (including money market funds) Cash and cash equivalents classified as assets held for sale	1 678 270	1 616 029	1 603 624 13 724
cash and cash equivalents classified as assets field for sale	1 678 270	1 616 029	1 617 348

for the six months ended 31 August 2021

9. FINANCIAL RISK MANAGEMENT

The group's activities expose it to a variety of financial risks: market risk (including price risk, foreign currency risk, cash flow and fair value interest rate risks), credit risk and liquidity risk. Insurance activities expose the group to insurance risk (including pricing risk, reserving risk, underwriting risk and reinsurance risk). The group is also exposed to operational risk and legal risk.

The capital risk management philosophy is to maximise the return on shareholders' capital within an appropriate risk framework.

The condensed consolidated interim financial statements do not include all risk management information and disclosure required in the annual financial statements and should be read in conjunction with the group's annual financial statements as at 28 February 2021.

There have been no changes in the group's financial risk management objectives and policies since the previous financial year-end.

Market risk (price risk, foreign currency risk and interest rate risk)

Market risk is the risk of adverse financial impact due to changes in fair values or future cash flows of financial instruments from fluctuations in interest rates, equity prices and foreign currency exchange rates.

A portion of the policyholders' and shareholders' investments are valued at fair value and are therefore susceptible to market fluctuations.

With regard to the subsidiary, PSG Life Limited, this company only invests assets into portfolios that are exposed to market price risk that matches linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the business to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder. Fees charged on this business are determined as a percentage of the fair value of the underlying assets held in the linked funds, which are subject to price and interest rate risk. As a result, the management fees fluctuate, but cannot be less than nil.

Included in the equity securities of R2 916.5 million (31 Aug 2020: R2 367.3 million; 28 Feb 2021: R2 577.3 million) are quoted equity securities of R2 908.8 million (31 Aug 2020: R2 358.1 million; 28 Feb 2021: R2 568.3 million), of which R2 882.4 million (31 Aug 2020: R2 254.8 million; 28 Feb 2021: R2 537.8 million) relates to investments in linked investment contracts. The price risk of these instruments is carried by the policyholders of the linked investment contracts.

Unit-linked investments of R30 428.7 million (31 Aug 2020: R25 526.8 million; 28 Feb 2021: R27 804.8 million) are linked to investment contracts and do not expose the group to price or interest rate risk.

Debt securities linked to policyholder investments amounted to R312.9 million (31 Aug 2020: R357.3 million; 28 Feb 2021: R323.2 million) and do not expose the group to interest rate risk. Cash and cash equivalents linked to policyholder investments amounted to R19.3 million (31 Aug 2020: R31.0 million; 28 Feb 2021: R31.9 million) and do not expose the group to interest rate risk.

Fair value estimation

The information below analyses financial instruments, carried at fair value, by level of hierarchy as required by IFRS 7 – Financial instruments and IFRS 13 – Fair Value Measurement. The different levels have been defined as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 input other than quoted prices included within level 1 that is observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices); and
- Level 3 input for the asset or liability that is not based on observable market data (that is, unobservable input).

There have been no significant transfers between level 1, 2 or 3 during the period under review.

The table on page 29 analyses financial assets and liabilities, which are carried at fair value, by valuation method. There were no significant changes in the valuation techniques and assumptions applied since 28 February 2021.

9. FINANCIAL RISK MANAGEMENT (continued)

Fair value estimation (continued)

Valuation techniques and main assumptions used in determining the fair value of financial assets and liabilities classified within level 2 can be summarised as follows:

Instruments	Valuation techniques	Main assumptions
Derivative financial instruments	Exit price on recognised over-the- counter (OTC) platforms	Not applicable
Debt securities	Valuation model that uses the market	Bond interest rate curves
	input (yield of benchmark bonds)	Issuer credit ratings
		Liquidity spreads
Unit-linked investments	Quoted put (exit) price provided by the fund manager	Not applicable – daily prices are publicly available
Investment in investment contracts	Prices are obtained from the insurer of the particular investment contract	Not applicable – prices provided by registered long-term insurers
Investment contract liabilities – unit-linked	Current unit price of underlying unitised financial asset that is linked to the liability, multiplied by the number of units held	Not applicable
Third-party financial liabilities arising on the consolidation of mutual funds	Quoted put (exit) price provided by the fund manager	Not applicable – daily prices are publicly available

The fair value of financial assets and liabilities measured at fair value in the statement of financial position can be summarised as follows:

As at 31 August 2021 (Unaudited)	Level 1 R000	Level 2 R000	Level 3 R000	Total R000
Financial assets				
Debt securities	752 578	3 252 331	-	4 004 909

9. FINANCIAL RISK MANAGEMENT (continued)

Fair value estimation (continued)

The following tables presents the changes in level 3 financial instruments during the reporting periods under review:

	Unaudited 31 Aug 21 R000	Unaudited 31 Aug 20 R000	Audited 28 Feb 21 R000
Assets			
Opening carrying value	226 511	309 845	309 845
Additions	25 118	188 808	66 010
Disposals	(24 158)	(56 663)	(167 850)
Gains recognised in profit or loss ¹	8 477	11 432	18 506
Closing carrying value	235 948	453 422	226 511
Liabilities			
Opening carrying value	245 409	341 565	341 565
Additions	34 519	203 473	126 760
Disposals	(35 815)	(83 077)	(233 939)
Losses recognised in profit or loss ¹	8 560	9 252	11 023
Closing carrying value	252 673	471 213	245 409

¹ The gains and losses on level 3 financial instruments are recognised in profit or loss under 'net fair value gains and losses on financial instruments' and 'net income attributable to investment contract holders and third-party liabilities'.

Unit-linked investments represent the largest portion of the level 3 financial assets and relate to units held in hedge funds and are priced monthly. The prices are obtained from the asset managers of the particular hedge funds. These are held to match investment contract liabilities, and as such any change in measurement would result in a similar adjustment to investment contract liabilities. Therefore, the group's overall profit or loss is not materially sensitive to the input of the models applied to derive fair value.

Trade and other payables classified within level 3 have significant unobservable inputs, as the valuation technique used to determine the fair values takes into account the probability (at each reporting period) that the contracted party will achieve the profit guarantee as stipulated in the business agreement. These relate to the purchase of intangibles and as such any change in measurement would result in a similar adjustment to the intangible assets with the exception of those acquired in terms of business combinations. Therefore the group's overall profit or loss is not materially sensitive to changes in the inputs.

10. RELATED-PARTY TRANSACTIONS

Related-party transactions similar to those disclosed in the group's annual financial statements for the year ended 28 February 2021 took place during the period under review.

11. EVENTS AFTER THE REPORTING DATE

No events material to the understanding of these results has occurred between the end of the reporting period and the date of approval of the condensed consolidated interim financial statements.

12. RECLASSIFICATION AND RESTATEMENT OF PRIOR YEAR FIGURES

The following reclassification and restatement were applied to the 31 August 2020 consolidated income statement and related segment information:

Reclassification - Net income attributable to investment contract holders and third-party liabilities (1)

The group consolidates collective investment schemes, in terms of IFRS 10 – Consolidated Financial Statements, over which the group has control. The consolidation of these funds does not impact total earnings, comprehensive income, shareholders' equity or the net asset value of the group; however, it requires the group to recognise the fund's income and expenses on the consolidated income statement.

A subsidiary of the group, PSG Life Limited, is a linked insurance company and issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the group to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder. The group is however required to recognise the policyholder income and expenses on the consolidated income statement.

for the six months ended 31 August 2021

Reclassification – Net income attributable to investment contract holders and third-party liabilities (1) (continued)
The group previously disclosed the income recognised from the underlying assets of the consolidated collective investment schemes and policyholder investment contracts separately from the fair value adjustment to third-party liabilities and investment contract liabilities on the face of the consolidated income statement. In order to provide more relevant and reliable information to the users of the financial statements, management has made two changes to the presentation on the consolidated income statement. The interest and dividend income, relating to the consolidated collective investment schemes and policyholder investment contracts, which has previously been shown separately on the face of the income statement will now be included together with the net fair value gains and losses on financial instruments. Management have also changed the presentation to disclose the net fair value gains and losses on the assets and liabilities relating to the consolidated collective investment schemes and policyholder investment contracts on a single line on the face of the consolidated income statement. The income attributable to investment contract holders and third-party liabilities.

This change in presentation policy means that the consolidated income statement will no longer be subject to large fluctuations in income and the related fair value adjustments on the third-party liabilities and investment contract liabilities.

Due to the magnitude of the amounts relating to the policyholder investment contracts and consolidated collective investment schemes in comparison to the shareholder amounts included within total income, undue prominence was previously given to these amounts. The change in presentation therefore provides a more meaningful representation of the group's performance.

Restatement - Fair value gains and losses on third-party liabilities (2)

As part of the detailed assessment performed on the consolidated collective investment schemes, as explained above, management investigated the fair value movements which were previously disclosed under 'net fair value gains and losses on financial instruments' for the six months ended 31 August 2020. Based on the findings, management identified an error in the classification of a portion of the net fair value gains and losses on financial instruments which should have been disclosed within 'fair value adjustment to third-party liabilities' and have therefore restated the prior year to correct this.

The reclassification and restatement in the interim results relate to the same reclassification and restatement as disclosed in the financial results for the year ended 28 February 2021. The reclassification and restatement had no impact on the current or prior year reported income, earnings, diluted earnings or headline earnings per share, or on the net asset value or net cash flow. The financial effects of the reclassification and restatement are set out below:

For the six months ended 31 August 2020 (Unaudited)	As previously stated R000	Reclassification – net income attributable to investment contract holders and third-party liabilities (1) R000	Restatement – fair value gains and losses on third-party liabilities (2) R000	Restated R000
