The group earns commission income and administration fees on this. It excludes the short-term administration platform gross written premium.

## **Commentary**

#### Financial results

PSG Konsult delivered a 32% increase in recurring headline earnings per share and a return on equity of 23.8% for the current year. The performance of our key financial metrics, under dynamic trading conditions, demonstrates the competitive advantage and resilience of our advice-led business model with technology at the foundation.

The group's earnings are more than 40% above its most recent pre-COVID results for the year ended 29 February 2020, despite investment in technology and our core staff numbers which increased by 20% and 11% respectively over the past two years. Over the same period, we hired 201 newly qualified graduates (92% of whom are ACI candidates), reflecting a key desire to grow our own talent. Our unwavering commitment to invest in technology and people is consistent with the long-term growth opportunities we see.

PSG Konsult delivered a 32% increase in recurring headline earnings per share and a return on equity of 23.8% for the current year.

PSG Konsult's key financial performance indicators for the year ended 28 February 2022 are shown below.

#### **PSG Wealth**

# PSG Wealth achieved recurring headline earnings growth of 14%

The division continued its strong performance during the current year. Core income increased by 14% during the current year, consisting of an increase in management and other recurring fees, while transactional brokerage fees decreased due to lower trading activity compared to the prior year.

Clients' assets managed by our Wealth advisers increased by 17% to R272.7 billion during the current year, which included R20.6 billion of positive net inflows. The division's formidable financial adviser network consisted of 584 wealth advisers as at 28 February 2022, a net increase of 21 advisers during the current year.

For the third consecutive year, the division was recognised as the Wealth Manager of the Year: Large Institutions at the Intellidex 2021 Wealth Manager of the Year Awards. The division was also awarded Top Online Broker at the Intellidex Top Securities Brokers Awards.

PSG Wealth continues to advise clients to focus on their long-term goals and to maintain diversified portfolios, especially during volatile and uncertain times. Our advisers provide clients with expert guidance and maintain excellent relationships through integrity, trust and transparency. In addition, our sustained investment in digital capabilities to enhance client experience enables us to operate seamlessly in a changing environment.

We remain confident about the fundamentals and prospects of this division and believe that our commitment to long-term relationships with clients will continue to differentiate us in the markets in which we compete.

## **PSG Asset Management**

## PSG Asset Management's recurring headline earnings increased by 133%

The division's results improved significantly in the current year with most funds performing in the top quartile over a two-year period. The PSG Income Fund achieved first place as the best South African Interest-Bearing Short-term Fund on a risk adjusted basis over five years at the 2021 Raging Bull Awards.

Client assets under management increased by 19% to R42.0 billion during the current year, largely due to market leading investment return outcomes that were generated for our clients, partially offset by R0.5 billion of net client outflows. Assets administered by the division increased by 22% to R173.7 billion, supported by R16.6 billion of multimanaged net inflows.

PSG Asset Management maintains a detailed communication plan, engaging with clients on the merits of its investment philosophy and the importance of staying in the market throughout the investment cycles.

#### **PSG Insure**

# PSG Insure achieved recurring headline earnings growth of 10%

The division achieved solid results during the current year and received the Santam National Intermediary of the Year award for performance excellence, in both the commercial and personal lines categories. This division continues to focus on profitable growth with an emphasis on commercial lines' type of the business which requires adviser expertise.

The division settled and finalised all pandemic business interruption claims during the current financial year, which resulted in a R30.1 million provision release. No significant catastrophe events occurred during the current year, with the finalisation of the pandemic business interruption claims also positively impacting the loss ratios. When combined with our quality underwriting practices, Western National Insurance achieved a net underwriting margin of 18.5% compared to the 15.3% achieved in the prior year. The number of insurance advisers in the group at 28 February 2022 was 368.

<sup>^^</sup> The prior year non-recurring item relates to a R10.0 million (R7.2 million net of tax) donation to the South African Solidarity Fund in April 2020.

## **Commentary (continued)**

## **Strategy**

PSG Wealth's overall strategy offers an innovative and all-inclusive end-to-end client proposition and includes a complete range of discretionary and non-discretionary investment products with competitive fees. We advocate diversification and our solutions offer a balance between rand hedge and interest-rate-sensitive investments with a long-term focus. Management is proud of the experience and reputation of the advisers in the business, who play a key role in providing us with client feedback to continuously enhance our platform and product capabilities. Engaging with our clients remains central to our philosophy, which is currently a hybrid of digital and in-person events. Our Wealth business is well placed to meet client investment needs and consistently strives to improve both our adviser and client service offerings

PSG Asset Management's strategy consists of investment excellence, operational efficiency, and effective sales and marketing initiatives. Generating the best long-term, risk adjusted returns for investors remains the division's primary focus. PSG Asset Management's differentiated investment approach add diversification to a blended client solution, helping clients to achieve better outcomes over time. The division continues to prioritise investment performance while managing operational processes and talent management. Increasing brand awareness, particularly in the retail investor market, and consistent and regular client communication through events and publications continue to be key focus areas for the division.

**PSG Insure** provides simple and cost-effective short-term insurance solutions to clients, protecting them from unforeseen events. Critical expertise across underwriting, administration and adviser teams underpins the focus on providing value-added products that meet and exceed clients' expectations. The division continues to invest in its claims and administration functions to build scale and unlock operational efficiencies, thereby enabling our high-calibre advisers to focus on client relationships.

## Corporate activity

PSG Konsult's focus remains on organic growth. However, we will consider acquisitions that meet our investment criteria, which include acceptable pricing, a compelling strategic rationale, clearly definable synergies, and ease of integration.

## Capital management

PSG Konsult's capital cover ratio increased to 240% (2021: 213%) based on the latest insurance group return, and comfortably exceeds the minimum regulatory requirement of 100%. The group's long-term credit rating was upgraded by Global Credit Rating Company during July 2021 to A+ (ZA), while the shortterm credit rating was affirmed at A1(ZA), with a Stable Outlook.

The increase in the group's capital cover ratio and the credit rating upgrade is testament to the group's strong financial position and excellent liquidity.

PSG Konsult continues to generate strong cash flows which gives us various options to optimise our capital structure and risk adjusted returns to shareholders. The value at risk of our shareholder investable assets is currently at the lower end of our risk tolerance range, with equity exposure below 5%. We continue to monitor investment markets and aim to gradually increase our value at risk exposure to align with our long-

During the year, the group repurchased and cancelled 9.6 million shares at a cost of R109.6 million.

## Regulatory landscape and risk management

PSG Konsult has 21 regulatory licences (17 in South Africa and 4 in foreign jurisdictions) and continues to maintain good working relationships with the regulators in the markets in which we operate.

## **Marketing initiatives**

The group successfully interacted with clients during the lockdown periods. While hosting large in-person events was not possible, we made good use of email communications and webinars. We are excited that our first hybrid annual adviser conference, which will host both in person and digital attendees, is scheduled for 3-5 May 2022.

First launched in July 2020, our successful Think Big webinar series has reached more than 44 000 live viewers and continues to attract both viewers and subscribers to our YouTube channel. The public relations coverage has added to the success of the series as the media now recognises it as a credible content source. It is pleasing to note that 60% of the viewers are prospective and not existing clients. The series is also now available in podcast format. We have begun hosting smaller in-person events again and have been rewarded by the take-up from our clients and prospective clients.

The group continued building awareness through its advertising campaign. The campaign, linked to the 'bigger picture thinkers' brand positioning, profiled real clients and their relationships with their advisers. These clients shared their stories of achieving financial success.

As part of a broader rebranding, the group launched a new website in May 2021 that offers more intuitive navigation. The website has an enhanced 'find an adviser' functionality to partner prospective clients with the right adviser. This rebranded website presents a fresh and modern look and aligns with our digital marketing focus. Our social media following and engagement levels across numerous platforms continue to grow. The team continues to run integrated product campaigns that assist flows, an example of this is the retirement annuity and tax-free savings account season before tax year-end.

## Information technology

We are committed to continually enhancing our client and adviser experience. This includes investing in technology to automate adviser and client systems and processes. Improving our processes results in a smoother client onboarding and user experience and a subsequent uptick in client retention due to increased satisfaction.

Through technology automation the group can grow business volumes while keeping our fixed cost base low. We believe companies that embrace the digital environment will grow and gain market share.

All related IT system costs continue to be fully expensed.

## **Looking forward**

The group remains confident about its strategy and prospects for growth. Our current focus is to shift away from a pandemic mindset while still ensuring that we maintain a safe working environment. This underpins our ability to return to full engagement with clients and enables us to deliver the strong growth that makes our business sustainable. We will continue to monitor local and global events, and the associated impact on the group's clients and other stakeholders

## **Events after reporting date**

No events material to the understanding of these results occurred between 28 February 2022 and the date of approval of the condensed consolidated financial statements.

Refer to note 12 for the impact of the change in corporate tax rate

#### Dividend

The board decided to declare a final gross dividend of 22.0 ZAR cents per share from income reserves for the vear ended 28 February 2022 (2021: 16.5 ZAR cents per share), reflecting the group's sound financial position and confidence in its prospects. The group's dividend pay-out ratio remains between 40% to 50% of recurring headline earnings excluding intangible asset amortisation.

The dividend is subject to a South African dividend withholding tax (DWT) rate of 20%, unless the shareholder is exempt from paying dividends tax or is entitled to a reduced rate in terms of the applicable double-tax agreement. Including DWT at 20% results in a net dividend of 17.6 ZAR cents (2021: 13.2 ZAR cents) per share. The number of issued ordinary shares is 1 331 372 132 at the date of this declaration. PSG Konsult's income tax reference number is 9550/644/07/5.

The salient dates of the dividend declaration are:

Declaration date Wednesday, 13 April 2022 Last day to trade cum dividend Tuesday, 3 May 2022 Trading ex-dividend commences Wednesday, 4 May 2022 Record date Fridav. 6 May 2022 Date of payment Monday, 9 May 2022

As the dividend has been declared and denominated in ZAR, it will be paid (in ZAR) into the bank accounts of shareholders appearing on the Mauritian register.

Share certificates may not be dematerialised or rematerialised between Wednesday, 4 May 2022 and Friday, 6 May 2022, both days inclusive.

Eid-Ul-Fitr will be celebrated in Mauritius on either Monday, 2 May 2022 or Tuesday, 3 May 2022 (depending on the visibility of the moon). If Tuesday, 3 May 2022 is declared a public holiday in Mauritius, the last day to trade cum dividend on the Mauritian register shall be Monday, 2 May 2022.

The board extends its appreciation to its stakeholders, including its shareholders, advisers, clients, business partners, management and employees for their continued support and commitment during the past year.

On behalf of the board

Willem Theron Chairman

Francois Gouws

# Independent auditor's review report on condensed consolidated financial statements

#### To the shareholders of PSG Konsult Limited

We have reviewed the condensed consolidated financial statements of PSG Konsult, contained in the accompanying preliminary report set out on pages 7 to 28, which comprise the condensed consolidated statement of financial position as at 28 February 2022 and the condensed consolidated income statement and condensed consolidated statement of comprehensive income, changes in equity and cash flows for the year then ended, and selected explanatory notes.

## Directors' Responsibility for the Condensed Consolidated Financial Statements

The directors are responsible for the preparation and presentation of these condensed consolidated financial statements in accordance with the requirements of the JSE Limited Listings Requirements for preliminary reports, as set out in note 2 to the financial statements, and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Listings Requirements require condensed consolidated financial statements contained in a preliminary report to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by Financial Reporting Standards Council and to also, as a minimum, contain the information required by International Accounting Standard (IAS) 34, Interim Financial Reporting.

## **Auditor's Responsibility**

Our responsibility is to express a conclusion on these financial statements. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2410, which applies to a review of historical information performed by the independent auditor of the entity. ISRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements are not prepared in all material respects in accordance with the applicable financial reporting framework. This standard also requires us to comply with relevant ethical requirements.

A review of financial statements in accordance with ISRE 2410 is a limited assurance engagement. We perform procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluate the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on these financial statements.

#### Other matters

The consolidated financial statements of PSG Konsult Limited for the year ended 28 February 2021, was audited by another auditor who expressed an unmodified opinion on those statements on 17 May 2021.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements of PSG Konsult Limited for the year ended 28 February 2022 are not prepared, in all material respects, in accordance with the requirements of the JSE Limited Listings Requirements for preliminary reports, as set out in note 2 to the financial statements, and the requirements of the Companies Act of South Africa.

Cash and cash equivalents at the end of the year¹  Includes the following: Clients' cash linked to investment contracts Other client-related balances Total client-related cash and cash equivalents	9.5	1 694 794 46 928 (84 330) (37 402)	1 617 348 31 874 (26 607) 5 267

#### Notes to the statement of cash flows:

The movement in cash utilised in operations can vary significantly as a result of daily fluctuations in cash linked to investment contracts, cash held by the stockbroking business and cash utilised for the loan facility obtained by the group on the loan facilities provided to clients on their share portfolios at PSG Securities Limited. PSG Life Limited, the group's linked insurance company, issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets). When these policies mature, the company raises a debtor for the money receivable from the third-party investment provider, and raises a creditor for the amount owing to the client. Timing difference occurs at month-end where the money was received from the third-party investment provider, but only paid out by the company after month-end, resulting in significant fluctuations in the working capital of the company. Similar working capital fluctuations occur at PSG Securities Limited, the group's stockbroking business, mainly due to the timing of the close of the JSE in terms of client settlements. Refer to note 6.8 for the impact of the client-related balances on the cash flows from operating activities.

for the year ended 28 February 2022

## 1. Reporting entity

PSG Konsult Limited is a public company domiciled in the Republic of South Africa. The preliminary condensed consolidated financial statements of the company as at and for the year ended 28 February 2022 comprise the company and its subsidiaries (together referred to as the 'group') and the group's interest in joint ventures.

## 2. Basis of preparation

The condensed consolidated financial statements are prepared in accordance with the requirements of the JSE Limited Listings Requirements for preliminary reports and the requirements of the Companies Act of South Africa. The Listings Requirements require preliminary reports to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards (IFRS), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by the Financial Reporting Standards Council and to also, as a minimum, contain the information required by IAS 34 – Interim Financial Reporting.

## 3. Preparation

The condensed consolidated financial statements are the responsibility of the board of directors of the company. These condensed consolidated financial statements were prepared under the supervision of the chief financial officer, Mike Smith, CA(SA). These condensed consolidated financial statements for the year ended 28 February 2022 have been reviewed by Deloitte & Touche, who expressed an unmodified review conclusion. The auditor's report does not necessarily report on all the information contained in these financial results. Shareholders are therefore advised that in order to obtain a full understanding of the nature of the auditor's engagement they should refer to the auditor's review report on page 6. A copy of the auditor's review report is also available for inspection at the company's registered office together with the financial statements identified in the auditor's report. Any reference to future financial performance included in these condensed consolidated financial statements has not been reviewed by or reported on by PSG Konsult's auditor.

## 4. Accounting policies

The accounting policies applied in the preparation of these condensed consolidated financial statements are in terms of IFRS and are consistent with those accounting policies applied in the preparation of the previous consolidated annual financial statements as at and for the year ended 28 February 2021.

## 5. Use of estimates and judgements

In preparing these condensed consolidated financial statements, the significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated annual financial statements for the year ended 28 February 2021.

## 6. Segment information

The composition of the reportable segments represents the internal reporting structure and the monthly reporting to the chief operating decisionmaker (CODM). The CODM for the purpose of IFRS 8 – Operating Segments has been identified as the chief executive officer, supported by the group management committee (Manco). The group's internal reporting structure is reviewed in order to assess performance and allocate resources. The group is organised into three reportable segments, namely:

- PSG Wealth deriving income mainly from total managed assets and total platform assets
- PSG Asset Management deriving income mainly from total assets under management and administration
- PSG Insure deriving income mainly from written premiums and underwriting

Corporate support costs refer to a variety of services and functions that are performed centrally for the individual business units within each business segment, as well as housing the group's executive office. Besides the traditional accounting and secretarial services provided to group divisions and subsidiaries, the corporate office also provides legal, risk, IT, marketing, HR, payroll, internal audit and corporate finance services. The strategic elements of IT, in terms of both services and infrastructure, are also centralised in the corporate office. The corporate costs are allocated to the three reportable segments.

## 6. Segment information (continued)

#### 6.1 Description of business segments

PSG Wealth, which consists of five business units – Distribution, Securities, LISP and Life Platform, Multi-Management and Employee Benefits – is designed to meet the needs of individuals, families and businesses. Through its highly skilled Wealth managers, PSG Wealth offers a wide range of personalised services (including portfolio management, stockbroking, local and offshore investments, estate planning, financial planning, local and offshore fiduciary services, multi-managed solutions and retirement products). The Wealth offices are fully equipped to deliver a high-quality personal service to customers.

PSG Asset Management is an established investment management company with a proven investment track record. It offers investors a simple, but comprehensive range of local and global investment products. The division's products include both local and international unit trust funds.

PSG Insure, through its registered insurance brokers and PSG's short-term insurance company, Western National Insurance Company Limited, offers a full range of tailor-made short-term insurance products and services from personal (home, car and household insurance) to commercial (business and agri-insurance) requirements. To harness the insurance solutions available to customers effectively, the division's expert insurance specialists, through a strict due diligence process, will simplify the selection process for the most appropriate solution for its clients. In addition to the intermediary services which PSG Insure offers; PSG Short-Term Administration supports clients through the claim process, administrative issues and general policy maintenance, including an annual reappraisal of their portfolio.

The CODM considers the performance of reportable segments based on total core income as a measure of growth and headline earnings as a measure of profitability. In order to evaluate the core results of the group, the CODM segregates the income statement by eliminating the impact of the linked investment policies issued and the consolidation of the collective investment schemes from the core operations in the group.

A subsidiary of the group, PSG Life Limited, is a linked insurance company and issues linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the group to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder.

The group consolidates collective investment schemes, in terms of IFRS 10 – Consolidated Financial Statements, over which the group has control. The consolidation of these funds does not impact total earnings, comprehensive income, shareholders' funds or the net asset value of the group; however, it requires the group to recognise the income statement impact as part of that of the group.

Headline earnings, calculated in terms of the requirements stipulated in Circular 1/2021 as issued by SAICA, comprise recurring and non-recurring headline earnings. Recurring headline earnings are calculated by excluding non-recurring headline earnings to increase comparability of the performance of the group from one year to another. Non-recurring headline earnings include one-off gains and losses and the resulting tax charge on these items.

<sup>&</sup>lt;sup>2</sup> The intangible asset amortisation cost includes the amortisation on customer relationships. It excludes the amortisation on computer software and other intangible assets.

Intersegment income	(834 263)	(325 773)	(41 858)	(1 201 894)

Intersegment income and expenses consist of fees charged at market-related rates. The group accounts for intersegment income and expenses by eliminating these transactions to only reflect transactions with third parties. Intersegment income is eliminated by deducting it from total segment income to reflect income generated by segment from external customers.

The group mainly operates in the Republic of South Africa, with 92.5% (2021: 92.6%) of the total income from external customers (total IFRS reported income) generated in the Republic of South Africa.

Other information provided to the CODM is measured in a manner consistent with that of the financial statements.

## 6. Segment information (continued)

#### 6.4 Divisional income statement

The profit or loss information follows a similar format to the consolidated income statement. The divisional income statement reflects the core business operations of the group.

Depreciation and amortisation is included within total expenses and amounts to R108.0 million (2021: R104.2 million) for PSG Wealth, R10.1 million (2021: R10.5 million) for PSG Asset Management, and R50.4 million (2021: R52.4 million) for PSG Insure.

<sup>&</sup>lt;sup>2</sup> The finance costs in the PSG Wealth division of R25.5 million (2021: R28.1 million) consist mainly of the finance charge on the lease liabilities of R15.5 million (2021: R17.7 million) with the remaining portion of the finance charge on the CFD margin and the bank overdrafts.

for the year ended 28 February 2022

## 6. Segment information (continued)

#### 6.5 Statement of financial position (client vs own)

In order to evaluate the consolidated financial position of the group, the CODM segregates the statement of financial position of the group between own balances and client-related balances.

Client-related balances represent the investment contract liabilities and related linked client assets of PSG Life Limited, the broker and clearing accounts, and the settlement control accounts of the stockbroking business, the collective investment schemes consolidated under IFRS 10 – Consolidated Financial Statements and corresponding third-party liabilities, the short-term claim control accounts and related bank accounts, as well as the contracts for difference assets and related liabilities.

## 6. Segment information (continued)

#### 6.8 Statement of cash flows (client vs own)

In order to assist the CODM to evaluate the consolidated statement of cash flows of the group, the statement of cash flows is segregated between cash flows relating to own balances and client-related balances.

The movement in cash (utilised in)/generated by operations can vary significantly as a result of fluctuations in the receivables and payables relating to our stockbroking business, which have been included within client-related balances.

Included under receivables are broker and clearing accounts at our stockbroking business of which R1 953.2 million (2021: R1 614.1 million) represents amounts owing by the JSE for trades conducted during the last few days before the end of the year. The balances fluctuate on a daily basis depending on the activity in the market.

The control account for the settlement of these transactions is included under the trade and other payables, with the settlement to the clients taking place within three days after the transaction date.

For the year ended 28 February 2022 (Reviewed)	Total IFRS reported R000	Own balances R000	Client- related balances R000

#### 9.2 Shares issued

The cash flow impact of the shares issued during the respective financial years can be summarised as follows:

	Reviewed Year ended 28 Feb 22 R000	Audited Year ended 28 Feb 21 R000
Issue of ordinary shares Shares issued for asset-for-share transaction	- -	36 628 (36 628)
Cash inflow	-	_

#### 9.3 Treasury shares sold and share option settlement

The cash flow impact of the treasury shares sold and share option settlement during the respective financial years can be summarised as follows:

	Reviewed Year ended 28 Feb 22 R000	Audited Year ended 28 Feb 21 R000
Treasury shares sold Loss on settlement of share options in terms of share scheme Net cash (outflow)/inflow	19 608 (59 065) (39 457)	11 980 (7 435) 4 545

## 9. Notes to the statement of cash flows (continued)

### 9.4 Other acquisitions

#### For the year ended 28 February 2021

The group, through its subsidiary PSG Multi Management Proprietary Limited, concluded a portfolio management acquisition transaction with some of its advisers during the financial year. The purpose of this transaction was to consolidate and align certain client share portfolio research and operational management activities within the firm.

The consideration was paid with the issue of PSG Konsult shares (5 million shares at an average of R7.35 per share) and a cash consideration of R70.6 million on the effective date. The transaction did not qualify for accounting in terms of IFRS 3 - Business Combinations as the assets acquired (the right to an increased share in the income stream of the adviser) did not constitute a business acquired.

These transactions contributed R2.4 million to our headline earnings during the 2021 financial year, net of amortisation cost of R4.2 million.

#### 9.5 Cash and cash equivalents at the end of the year

	Reviewed as at 28 Feb 22 R000	Audited as at 28 Feb 21 R000
Cash and cash equivalents (including money market funds) Cash and cash equivalents classified as assets held for sale	1 694 794 	1 603 624 13 724
	1 694 794	1 617 348

## 10. Financial risk management

The group's activities expose it to a variety of financial risks: market risk (including price risk, foreign currency risk, cash flow and fair value interest rate risks), credit risk and liquidity risk. Insurance activities expose the group to insurance risk (including pricing risk, reserving risk, underwriting risk and reinsurance risk). The group is also exposed to operational risk and legal risk.

The capital risk management philosophy is to maximise the return on shareholders' capital within an appropriate

The condensed consolidated financial statements do not include all risk management information and disclosure required in the annual financial statements and should be read in conjunction with the group's annual financial statements as at 28 February 2022.

There have been no changes in the group's financial risk management objectives and policies since the previous financial year-end.

#### Market risk (price risk, foreign currency risk and interest rate risk)

Market risk is the risk of adverse financial impact due to changes in fair values or future cash flows of financial instruments from fluctuations in interest rates, equity prices and foreign currency exchange rates.

A portion of the policyholders' and shareholders' investments are valued at fair value and are therefore susceptible to market fluctuations.

With regard to the subsidiary, PSG Life Limited, this company only invests assets into portfolios that are exposed to market price risk that matches linked policies to policyholders (where the value of policy benefits is directly linked to the fair value of the supporting assets), and as such does not expose the business to the market risk of fair value adjustments on the financial asset as this risk is assumed by the policyholder. Fees charged on this business are determined as a percentage of the fair value of the underlying assets held in the linked funds, which are subject to price and interest rate risk. As a result, the management fees fluctuate, but cannot be less than nil.

for the year ended 28 February 2022

## 10. Financial risk management (continued)

#### Market risk (price risk, foreign currency risk and interest rate risk) (continued)

Included in the equity securities of R3 080.4 million (2021: R2 577.3 million) are quoted equity securities of R3 073.1 million (2021: R2 568.3 million), of which R3 043.4 million (2021: R2 537.8 million) relates to investments in linked investment contracts. The price risk of these instruments is carried by the policyholders of the linked investment contracts.

Unit-linked investments of R32 573.6 million (2021: R27 804.8 million) are linked to investment contracts and do not directly expose the group to price or interest rate risk.

Debt securities linked to policyholder investments amounted to R319.4 million (2021: R323.2 million) and do not expose the group to interest rate risk. Cash and cash equivalents linked to policyholder investments amounted to R46.9 million (2021: R31.9 million) and do not expose the group to interest rate risk.

#### Fair value estimation

The information below analyses financial instruments, carried at fair value, by level of hierarchy as required by IFRS 7 – Financial Instruments and IFRS 13 – Fair Value Measurement. The different levels have been defined as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 input other than quoted prices included within level 1 that is observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices); and
- Level 3 input for the asset or liability that is not based on observable market data (that is, unobservable input).

There have been no significant transfers between level 1, 2 or 3 during the financial year under review.

The table below analyses financial assets and liabilities, which are carried at fair value, by valuation method. There were no significant changes in the valuation techniques and assumptions applied since 28 February 2021.

Valuation techniques and main assumptions used in determining the fair value of financial assets and liabilities classified within level 2 can be summarised as follows:

Instruments	Valuation techniques	Main assumptions
Derivative financial instruments	Exit price on recognised over-the-counter (OTC) platforms	Not applicable
Debt securities	Valuation model that uses the market input	Bond interest rate curves
	(yield of benchmark bonds)	Issuer credit ratings
		Liquidity spreads
Unit-linked investments	Quoted put (exit) price provided by the fund manager	Not applicable – daily prices are publicly available
Investment in investment contracts	Prices are obtained from the insurer of the particular investment contract	Not applicable – prices provided by registered long-term insurers
Investment contract liabilities – unit linked	Current unit price of underlying unitised financial asset that is linked to the liability, multiplied by the number of units held	Not applicable
Third-party liabilities arising on the consolidation of mutual funds	Quoted put (exit) price provided by the fund manager	Not applicable – prices are publicly available

## 10. Financial risk management (continued)

#### Fair value estimation (continued)

The fair value of financial assets and liabilities measured at fair value in the statement of financial position can be summarised as follows:

for the year ended 28 February 2022

## 10. Financial risk management (continued)

#### Fair value estimation (continued)

The following table presents the changes in level 3 financial instruments during the financial years under review:

	Reviewed 28 Feb 22 R000	Audited 28 Feb 21 R000
Assets		
Opening carrying value	226 511	309 845
Additions	13 138	66 010
Disposals	(33 256)	(167 850)
Gains recognised in profit or loss <sup>1, 2</sup>	9 443	18 506
Closing carrying value	215 836	226 511
Liabilities		
Opening carrying value	245 409	341 565
Additions	63 007	126 760
Settlements	(75 799)	(233 939)
Losses recognised in profit or loss <sup>1,3</sup>	14 961	11 023
Closing carrying value	247 578	245 409

- The gains and losses on level 3 financial instruments are recognised in profit or loss under 'net fair value gains and losses on financial instruments' and 'net income attributable to investment contract holders and third-party liabilities
- Gains recognised in profit or loss include unrealised gains of R9.2 million and realised gains of R0.2 million for the 2022 financial year (2021: unrealised gains of R17.1 million and realised gains of R1.4 million).
- Losses recognised in profit or loss include unrealised losses of R14.8 million and realised losses of R0.2 million for the 2022 financial year (2021: unrealised losses of R16.2 million and realised gains of R5.2 million)

Unit-linked investments represent the largest portion of the level 3 financial assets and relate mainly to units held in hedge funds and are priced monthly. The prices are obtained from the asset managers of the particular hedge funds. These are held to match investment contract liabilities, and as such any change in measurement would result in a similar adjustment to investment contract liabilities. Therefore, the group's overall profit or loss is not materially sensitive to the input of the models applied to derive fair value.

Trade and other payables classified within level 3 have significant unobservable inputs, as the valuation technique used to determine the fair values takes into account the probability (at each reporting period) that the contracted party will achieve the profit guarantee as stipulated in the business agreement. These relate to the purchase of intangibles and as such any change in measurement would result in a similar adjustment to the intangible assets with the exception of those acquired in terms of business combinations. Therefore the group's overall profit or loss is not materially sensitive to changes in the inputs.

## 11. Related-party transaction

Related-party transactions similar to those disclosed in the group's annual financial statements for the year ended 28 February 2021 took place during the financial year.

## 12. Events after the reporting date

No event material to the understanding of these results has occurred between the end of the reporting period and the date of approval of the condensed consolidated financial statements.

On 23 February 2022, the Minister of Finance announced a reduction in the South African corporate tax rate from 28% to 27% for years of assessment ending on or after 31 March 2023. This amendment will impact the group's current tax calculation for the financial year ending 29 February 2024, and deferred tax balances that are expected to reverse during or after the 2024 financial year. As this rate change was enacted before 28 February 2022, the group has assessed the impact of the change on the deferred tax balances of the group as at 28 February 2022 and concluded that the impact is immaterial.
