

Adviser Notice 90

January 2024

Dear Adviser

Annuity payments for 2024

The dates on which your clients' monthly annuity income payments will reflect in their accounts for 2024 are confirmed in the 'Monthly annuity payment schedule for 2024', which you can access by [clicking here](#).

Your clients' annuity income payments will reflect in their designated bank accounts by the 25th day of every month at the latest. If the 25th falls on a weekend or public holiday, income will reflect in the client's bank account by the last business day before the 25th at the latest.

This applies regardless of the frequency with which your client's annuity is paid (monthly, bi-annually, quarterly, or yearly). Depending on the bank's processing time for electronic fund transfers, your client's annuity payment may take up to two business days to reflect in their bank account. It is therefore possible that payment may, in some instances, reflect earlier than indicated on the schedule.
